

## **PRESS RELEASE**

### **Twenty state-of-the-art SCANIA/IRIZAR buses on the roads of Cyprus**

CTC Automotive Ltd, official importer and distributor in Cyprus of the renowned Swedish trucks and buses SCANIA, is pleased to announce that it has completed the delivery of twenty (20) brand new, state-of-the-art buses SCANIA K410 B4X2/ IRIZAR i6 to their owners, Intercity Ltd. It is a successful collaboration between CTC Automotive Ltd and P. Panayides Coaches Ltd, official distributor in Cyprus of the well-known Spanish bus manufacturer IRIZAR.

The new intercity buses have a frame manufactured by SCANIA CV AB and a bus body manufactured by IRIZAR. They have the capacity to carry 51 seated passengers, while they also have one seat for people with disabilities. For this purpose, they are equipped with a lifting platform for wheelchairs for people with disabilities.

The buses carry all the systems, as defined by the European Union directives, for the safe transportation of passengers from city to city. They offer great comfort and are of high-quality standards, with advanced technology engines for reduced emissions that meet the latest European Regulation Standards.

These buses are the best possible investment in the passenger transport industry on our island, with continuous support by the specialized Technical Team of CTC Automotive Ltd.
